

3 November 1967

MEMORANDUM FOR: Assistant Director for Mapping, Charting, and
Geodesy, Defense Intelligence Agency

ATTENTION : [REDACTED] FOIAb3d

SUBJECT : Topographic Maps on the USSR

FOIAb3d

REFERENCES : 1. Discussion between [REDACTED]
(DIAMC) and [REDACTED] (CIA/OBGI),
22 September 1967 25X1A9a
2. Memorandum from Acting Director, Basic and Geographic
Intelligence, CIA, dated 10 August 1967, Subject
CIA Requirements for Military Maps and Charts,
1968-1972

1. The attached graphic is forwarded in response to your request for a more detailed breakdown of CIA priorities for production of topographic maps on the USSR at the scale of 1:250,000. Priorities have been designated in accordance with guidelines contained in the revised JCS priority system.

2. This graphic should be considered solely as an input to facilitate DIAMC long-term planning of medium-scale topographic map production. The primary CIA requirement for medium-scale maps on the USSR continues to be the Special Intelligence Graphic (SIG) Series.

JAMES A. BRAMMELL
Director
Basic and Geographic Intelligence
